## Experience

### Mobimeo GmbH / Engineering Lead

03/2023 – Present

Transitioned from an expert role to a leadership position, taking on disciplinary people management responsibilities. Recognized that supporting engineers to grow in their career path feels very rewarding to me.

### Mobimeo GmbH / Staff Software Engineer

06/2022 – 03/2023 (9 Months)

Took on the role of a Chapter and Tech lead, facilitating the delivery of cross-team technical solutions.

### Mobimeo GmbH / Senior Software Engineer

11/2020 – 06/2022 (1.5 Years)

New position due to the transfer of parts of the joint subsidiary moovel Group GmbH from BMW Group and Daimler Mobility AG to Mobimeo GmbH.

### moovel Group / Software Engineer & Product Owner

11/2018 – 11/2020 (2 Years)

Designed, constructed, and managed microservices with TypeScript in Node.js on AWS, employing an event-driven approach. Led product advancement through cross-departmental collaboration.

### moovel Group / Web Developer

11/2017 – 11/2018 (1 Year)

Developed web applications, crafted all kinds of AWS infrastructure and microservices.

### diconium digital solutions / Master Student

03/2017 – 09/2017 (6 Months)

Focused on front-end development, particularly on design systems and component libraries, alongside container technologies and continuous deployment pipelines.

### Freelance / Web Designer & Developer

2013 – 2017 (4 Years)

Developed web applications and operated content management systems, guided clients through the entire software development lifecycle.

### Parkpocket / CTO

02/2015 – 08/2015 (7 Months)

Led the development team, overseeing both functional and disciplinary responsibilities.

### Parkpocket / Full Stack Developer

10/2014 – 02/2015 (4 Months)

Architected core backend services and engineered the system architecture for scalability using AWS.

### 11FREUNDE / Internship

03/2013 – 08/2013 (6 Months)

Developed and managed web applications, gathering requirements, conceptualizing, designing the UI, and implementing it. Delved into CMS technologies and recognized the significance of customer feedback.

### Mediengruppe Klambt / Internship

11/2010 – 12/2010 (1 Month)

Introduction to digital image processing, controlling, and the publishing industry.

## Education

### Full Stack Nanodegree

Udacity (2018)

SQL and Data Modeling for the Web, API Development and Documentation, Server Deployment, and Containerization.

### Computer Science & Media / M.Sc. Ø 1.3

Stuttgart Media University (2015 – 2017)

Project-oriented courses around Software Engineering, Large Scale Systems, UX Design, Web Development & Project Management.

### Media, Information Engineering and Design / B.Sc. Ø 1,2

University of Applied Sciences Offenburg (2011 – 2015)

Foundations in Computer Science & Engineering, Computer Networks, Database Designs, Distributed Systems, IT Security, and Digital Design.

### Law school / No degree

University of Konstanz (2010 - 2011)

Showed me what I actually want to do.

### Abitur (incl. advanced Latin certificate)

Albertus-Magnus-Gymnasium, Rottweil (1999 – 2009)

Sports (elective subject), Biology (major subject).

## Things I'm good at

Software Engineering, Situational Leadership, Domain Modeling, Cloud Engineering, CI/CD, Containerization, Product Thinking, Agile Methodologies

## Technologies, I like to work with

Node.js, TypeScript, React, Python, PostgreSQL, Amazon Web Services, Docker, GitHub Actions

## Honorable Mentions

During my studies, I engaged in extracurricular activities, serving as a Computer Science tutor at the Faculty of Media and Information, Faculty Counselor of the Faculty Media and Information, member of the Student Parliament, Speaker for press and public relations in the General Student Committee, and Member of the Sustainability Initiative at the University of the Media.
